On the date of 01 April 2022 our department conducted QR code labelling to plant. Considering the importance and need to provide quality planting materials, especially, in the perennial horticultural crops, the Government of India is implementing the program of accreditation of nurseries through the National Horticulture Mission. However, there is no mechanism for ensuring the genuineness and quality of planting materials supplied even from such accredited nurseries. Many farmers suffer huge financial losses due to the purchase of low quality planting material sold by the private nurseries. The importance of Quick Response (QR) Coded planting materials helps in overcoming such drawbacks.

The QR Codes are one of the easiest ways of providing the information to the customers and other individuals, allowing them to extract the valuable data with just scanning the code with the help of an optical reader. In order to ensure the security or to avoid fraudulent labeling, the password protected QR Code allows sharing the relevant information with only authorized people.

Jane Austen

(1775 - 1817)

Sense and Sensibility

Marianne Dashwood, the Hopeless Romantic

In Jane Austen's *Sense and Sensibility*, Marianne - the 'Sentimental' Dashwood sister - is ridiculed by the narrator (presumably Austen herself) and her sister Elinor for being over-Romantic. In the introduction, Marianne is described as sensible & clever but eager in everything, her sorrows her joys have no moderation, she is generous, amiable & interesting, she is interesting in everything but prudent. Marianne is intense & passionate in everything she does and is so exaggeratingly emotional, but by modern standards she would be quintessential "drama queen". Marianne has taken the ardent, fiery emotions delineated in Romantic poetry & integrated it into her own personality & life. Marianne has become a living work of Romantic art, but through the course of the novel Marianne learns that she must be sensible & pragmatic to function in the real world.

Marianne is not content on just being Romantic herself. She passes judgement on other characters & degrades them for not sharing in her intense passion as she remarks about Edward Ferrars.

William Shakespeare

A Midsummer Night's Dream, Comedy in five acts by William Shakespeare, written about 1595-96 and published in 1600 in a quarto edition from the author's manuscript, in which there are some minor inconsistencies. The version published in the First Folio of 1623 was taken from a second quarto edition, with some reference to a promptbook. One of the "great" or "middle" Comedies, A Midsummer Night's Dream, with its multilayered examination of love and its vagaries, has long been one of the most popular of Shakespeare's plays.

Theseus, duke of Athens, has conquered Hippolyta, the Amazon queen, and is about to wed her. Meanwhile, two lovers, Hermia and Lysander, seek refuge in the forest near Athens when Hermia's father demands that she marry Demetrius. Hoping to win Demetrius's favour, Helena tells him their whereabouts and follows him to the forest, where he goes in search of Hermia. The forest is also full of fairies who have come for the duke's wedding. Oberon, the king of the fairies, quarrels with his queen, Titania, and bids his mischievous servant Puck to drop magic juice into her eyes as she sleeps. His intent is to punish her for her disobedience by causing her to fall hopelessly in love with whatever person or creature she happens to see when she awakes. Although noting that the human lovers in the forest are also at odds, he orders Puck to drop the love juice into Demetrius's eyes so that Demetrius's one-time affection for Helena will be restored. Because the two young Athenian men look much alike, however, Puck mistakenly administers the love juice to Lysander, who then happens to see Helena when he awakes.
