Topic :- 1) Chhatrapati Shivaji Maharaj's Childhood

* Early life of Shivaji *

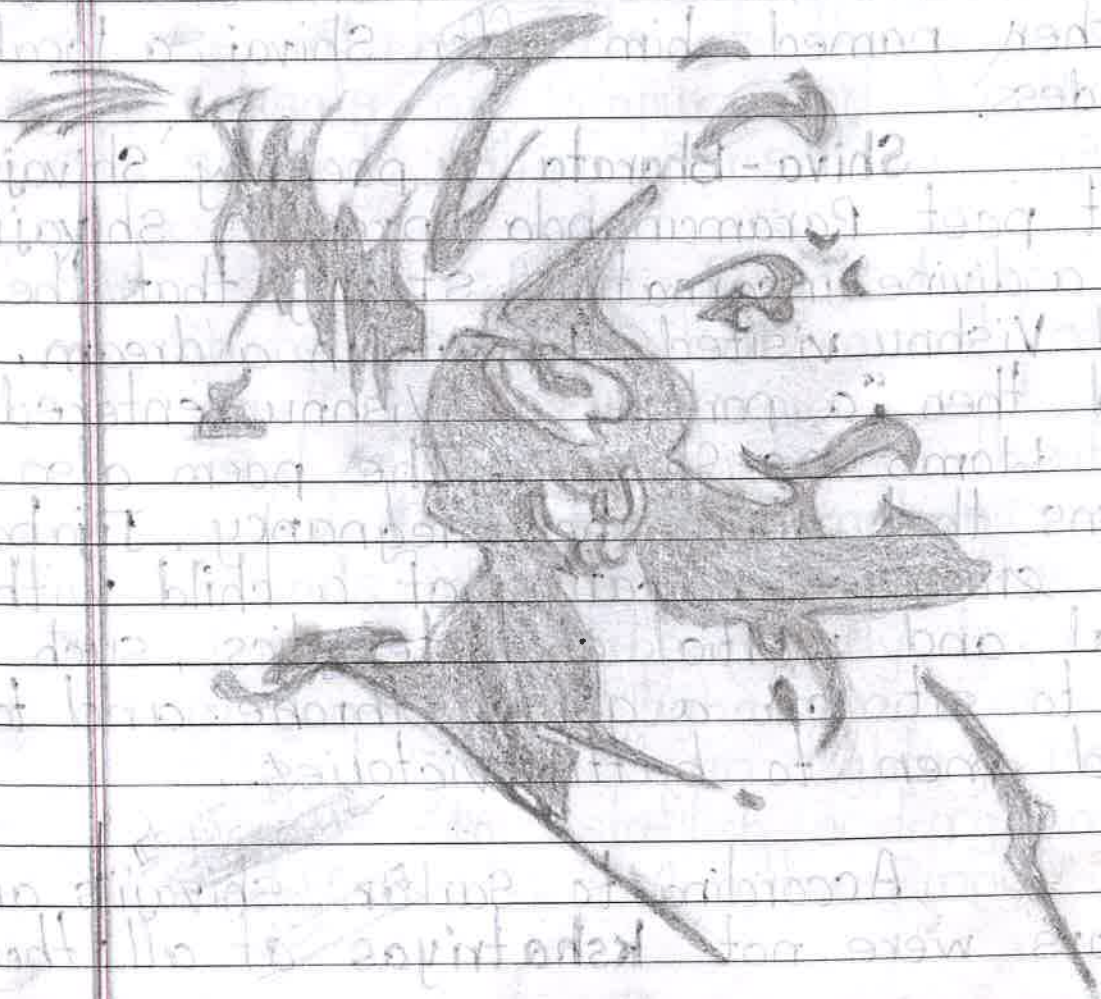

Shivaji was the founder of the Maratha Empire in the Indian subcontinent. The early life of Shivaji is a topic of great interest in the popular culture of India, especially in the Maharashtra state, where he spent most of his life. This article describes Shivaji's life from his birth until the age of 19 years (1630-1649).

Shivaji was born at the hill fort of Shivneri on 1 March 1630, which corresponds to 19 February 1630 of the Julian calendar used by the contemporary English traders in India. At the time of his birth, both the families of his father Shahaji and his mother Jijabai, served the Ahmednagar Sultance in military and administrative capacities, although they subsequently

were agriculturalists from a Shudra background.

That said, although Shivaji is characterized as a Maratha in modern times, he probably identified himself as a Rajput, as suggested by contemporary Rajput newsletters, and a letter of his father Shahaji which calls his family Rajput. An English letter by the East India Company factor Henry Revington, dated 10 December 1659, also calls Shivaji a "Great Rajput".

Glimpse of Indian Democracy In Chhatrapati Shivaji Maharaj Swarajya's.

It was 19 February 1630, an adorable baby was born in the hill fort of Shivneri, his mother Tijabai Bhosale referred to as Raimata Tijabai or Tijau, taught him the virtue and valor of life which molded him to become a very famous celebrated king Chhatrapati Shivaji Maharaj. Today, in our country, there are many interpretation of portraying by the well Shivaji as the founder of 'Hindavi Swaraj' was popularized by the well-known, prominent freedom fighter, Bal Gangadhar Tilak in the year 1894, with the intention of national awakening, he used traditional festivals to propagate nationalist ideas through songs & speeches.

The term 'Hindavi Swaraj' can also be tracked back to a letter from Shivaji to Dadaji Naras Prabhu Weshpande written in Modi script on 17th April 1645, where he wished for the 'Hindavi Swaraj', but the authenticity of the letter was called into question by a Religion Scholar Wilfred Cantwell Smith and Setumachavaram Pagadi who was a civil servant and a distinguish man of letters specialized in modern Maratha history, especially the history of Shivaji.

Now, Before you make your mind think something erroneous, let me bring to you the other facets of the Great Maratha King. In the year 1869, Mahatma Jyotirao Phule discovered Shivaji's tomb at Raigad and wrote the first and the first longest saga of his life. This Jyanti was started by Jyotirao Phule in 1870 with the first event in Pune. Phule considered Shivaji Maharaj as a "Social Reformer" and a "Poor friendly Ruler."

Today, from Red to blue to saffron to green, all political parties emphasize the Great King, to forge the party ends. We must understand that Chhatrapati Shivaji Maharaj was hailed for his policy towards the needy and indigent section of his empire. He abolished the old fiefs, got rid of oppressive tax systems enforced upon the peasants, implemented reforms to limit the rampant oppression and exploitation of women, and severely punished those who went against his established rules.

I am carefree to contend what offer people have to say about the "People's King", but I am privileged to be born in the land of Chhatrapati. We must not let his name be used to sharpen communal divides or to drive a wedge between the castes of our society.
