Report on Short-Term Course on Skill Enhancement and Self-Employment

Introduction:

The short-term course on skill enhancement and self-employment, organised by College, aimed to empower participants with practical skills and entrepreneurial knowledge essential for self-sufficiency and economic empowerment. Held from 17-12-2022 to 14-01-2023, the course provided a comprehensive learning platform for Students seeking to augment their skill set and explore opportunities for self-employment.

Course Structure:

The course covered a diverse range of topics relevant to skill enhancement and entrepreneurship. Participants engaged in interactive sessions encompassing modules such as Identifying Market Opportunities, Business Planning, Financial Management, Marketing Strategies, and Legal Compliance.

Learning Outcomes:

Throughout the duration of the course, participants acquired practical skills. They gained proficiency in market research, business model development, financial planning, and customer acquisition strategies. Furthermore, participants developed a deep understanding of the legal and regulatory aspects of starting and operating a business.

Conclusion:

In conclusion, the 30-hour short-term course on skill enhancement and self-employment offered by College served personal and professional growth among participants. Equipped with practical skills, entrepreneurial knowledge, and a newfound sense of confidence, participants are well-positioned to pursue self-employment opportunities and contribute positively to economic development. The course received positive feedback from participants, underscoring its effectiveness in empowering individuals.

Short Term Course on Share Market

Report

Introduction:

The 30-hours short-term course on share market conducted by College, aimed to equip participants with fundamental knowledge and practical skills in understanding the dynamics of the share market. Held from 07.09.2020 to 30.09.2020, the course provided an intensive learning experience to participants

Course Structure:

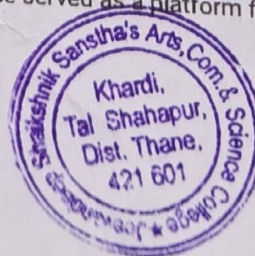

The curriculum was, including Introduction to Share Market, Fundamental and Technical Analysis, Risk Management, Trading Strategies, and Regulatory Framework. Each module comprised interactive lectures, case studies, and hands-on exercises facilitated by industry experts and seasoned professionals.

Learning Outcomes:

Throughout the duration of the course, participants gained a comprehensive understanding of various concepts such as market trends, stock valuation methods, chart analysis, and risk assessment techniques. They also developed proficiency in formulating trading plans, executing trades, and interpreting market indicators.

The course fostered an engaging learning environment through interactive discussions, real-life case studies, and practical exercises. Participants actively participated in group activities, simulations, and trading simulations, which enhanced their understanding of theoretical concepts and their application in real-world scenarios.

Conclusion:
In conclusion, the 30-hour short-term course on share market organised by College proved to be a resounding success, equipping participants with the knowledge, skills, and confidence to navigate the dynamic landscape of the share market effectively. The course received positive feedback from participants who expressed appreciation for the comprehensive curriculum, engaging learning activities. Overall, the course served as a platform for aspiring investors and traders to enhance their expertise.

Report on Short Term Course on Share Market

(Conducted by the Commerce Department of JSSP's Arts, Commerce and Science College, Khardi.)

Introduction:

The Commerce Department of College organised a short-term course on the Share Market, aiming to equip students with practical knowledge and insights into the functioning of the stock market. The course spanned over 30 Lectures, covering various aspects of share trading, investment strategies, risk management, and market analysis.

Course Structure and Content:

Asst Prof Aparna Jadhav commenced with an introductory session providing an overview of the stock market, its participants, and the significance of stock trading in the economy.

Asst Prof Nilesh Sarkte conducted sessions on understanding financial statements, evaluating company performance, and interpreting market indicators were conducted to enhance participants' analytical skills. Additionally, modules on risk assessment, portfolio diversification, and investment psychology were included.

Notably, the course incorporated practical sessions where students simulated trading scenarios using virtual platforms. This hands-on experience allowed participants to apply theoretical concepts. This session is conducted by Asst. Prof Salman Khan

Assessment and Certification:

Throughout the course, participants were evaluated through assignments, and a final examination to assess their comprehension and retention of course material. Additionally, participants were required to develop investment portfolios and present their strategies, fostering creativity and innovation in investment planning.
